SUMMARY

Final-year CSE (Data Science) student, CGPA 9.73/10. Passionate about AI, Python development, data analysis, and machine learning. Builds AI-powered full-stack web apps with Flask/React and data dashboards using Python's data science stack.

EDUCATION

Bachelors of Technology (Computer Science Engineering – Data Science) | ITM Vocational University, Vadodara — CGPA: 9.73/10.00 (2023–2027)

XII (GSEB) | Satyanarayan Vidhyalaya — 58.92% | 2023

XI (GSEB) | Vidhya Vihar — 70.83% | 2021

EXPERIENCE

Inbox Infotech Pvt. Ltd. — Data Science Intern (3 months) | Vadodara | Jul 13 – Oct 13, 2026

- Built interactive dashboards; performed data cleaning/preprocessing; built ML models using Python, Pandas, NumPy.

PROJECTS

AI-Powered Smart Hospital Management System | React.js, Flask, Python, SQLite, Scikit-learn, GenAI

- Built a full-stack hospital platform (patient, doctor, appointments, records, billing, pharmacy, lab) with backend REST APIs and DB architecture connecting all modules end-to-end.

AI-Powered Customized Gift Shop | Python, Flask, HTML, CSS, JavaScript

- Built an AI-powered app for personalized gift recommendations with an interactive customization system and responsive UI.

AI-Powered Movie Recommendation System | Python, Flask, HTML, CSS, JavaScript, SQLite, OMDb API

- Built a movie recommendation app using OMDb API integration and AI-assisted recommendation logic for personalized suggestions.

TECHNICAL SKILLS

Languages: Python | SQL | R | C (learning)

Libraries & Frameworks: NumPy | Pandas | Matplotlib | Flask | Scikit-learn

Databases: SQL Server | Database Management

Tools & Platforms: FastAPI | Streamlit | Git | VS Code | Claude

Core Concepts: Data Analysis | Data Visualization | Dashboards | Web Dev | REST APIs | AI | Problem Solving

CERTIFICATIONS

Oracle Apex | HTML 5.0 | Introduction to Python Programming | Foundation Course on IR4.0 Technologies | AI Tools & Claude Workshop

STRENGTHS

Analytical Thinking - Problem Solving - Team Collaboration - Fast Learner - Communication Skills - Time Management

AREAS OF INTEREST

Artificial Intelligence - Data Science - Machine Learning - Python Development - Web App Development - Data Analytics

LANGUAGES

English, Hindi, Gujarati
